Subject: 2017 LH7 1.6L Diesel Cruze AECD Submission

Seongyup,

The AECD submission and Sensor Table for the 2017 LH7 1.6L Diesel Cruze is being placed into DMS (and Verify).

You have requested that when the AECD document references a table or figure, that it be included on the same page that it is being referenced. The Cruze document has already been created, and we believe there is a risk of creating errors if we try to update it. GM would like to start doing this for the 2018 model year.

Thanks
Bob Vito
